

Dear Teacher,

The Bereishis package contains a full set of child-friendly translation sheets for the entire Parshas Bereishis. These can be used as homework aids, so parents know which translation has been taught in class and can help their children with chazarah. They can also be used as part of the lesson to colour code prefixes, suffixes and shoroshim.

The package also includes worksheets that cover all the pesukim in the Parsha. These can be used during class, as an additional way to reinforce the translation and meaning of the pesukim, or as homework.

I have also included a pdf of the entire Parsha just the Hebrew divided line by line as it would be translated. I use this on the smart-board for the students to see and recognise words they already know and aid in teaching new words and translations.

Thank you for your interest in our Bereishis Curriculum. Your purchase of the curriculum will be exclusively for the use of your school. The files may not be shared with or sold to anyone, and will be personalised with your moised's name, and our copyright, at the bottom.

We are always looking to enhance the curriculum and your feedback will help continue to support teachers with high quality materials for their classrooms.

Much Hatzlacha,
